CANAAN STREET PARK

For the first time in many years the triangular piece of town land near the Town House was mowed as a lawn. Dick Roberts who did the job throughout the year for \$47.50 met rough going at first, but gradually it became easier. Lime was purchased and spread for \$14.40. With some more fertilization and smoothing we will have a lawn area of which the town can be proud.

The overgrown shrubs that were severely pruned last year sprang up to a more desirable height and had many

Blossoms. Much time was spent weeding out undesirable plants that had found a hospitable seed bed under the old tangle of shrubs. The painting of the Town House inspired a group to clean out the many trees and bushes that were choking out the shrubs that surround the building. Two evergreen bushes were planted in the holes left by the stumps of overgrown cedar trees on either side of the entrance to the hall by John Holteen for \$32. We started the year with \$32.32 on hand, received an appropriation of \$100, spent \$93.90 and ended the year with a balance of \$38.42.

Your commissioner is impressed with the amount of work and money that past generations have invested in the shrubs and landscaping of our town land on the Street. With the improvement in the Town House and the Library small pieces of lawn were mowed there late in the season. It is hoped that this lawn may be expanded. The Lions Club has done much to improve the town and at the wharf and is moving up towards the Street. I hope that these two projects may expand and meet. Sincere thanks go to the volunteers who spent many hours making possible the work on the park.

Moving the Library has been accomplished. The wisdom of this move has been evidenced in many ways. The many expressions of appreciation by the patrons for the improved convenience, appearance and safety, the award of the beautiful light-fixtures by the planning board and the special award of a grant of \$200 worth of books for the children's room from the State Library are notable. However, the substantial increase in circulation is the best of all.

The Trustees wish to express their appreciation to the Boy Scouts, and individuals for time and labor giv-

en, and for the generous cash contributions which made this possible, as evidenced by the following statement.

PREVENT UNWANTED FIRES

The following simple rules may be used as a guide for everyone:

1. Before burning, secure a permit from your local forest fire warden—the law requires it.
2. Be sure to properly supervise your burning—don't leave it.
3. Make certain your fire, camp debris, is Dead Out before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles — make sure they are out — use your ash tray.
5. Don't burn at home — use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires — 4

Number of acres burned — 1

Number of permits issued — 167

REPORT OF PUBLIC HEALTH NURSE

The following is a report of activities conducted in the town of Canaan, by the N. H. Department of Health Bureau of Public Health Nursing, for the year January 1960 to January 1961.

A salk Vaccine Clinic was held at the School Auditorium on January 28th 1960 with a total attendance of 441. Some of this number were from the small surrounding towns. This was the fourth or "Booster" shot for most of the school age children, and first, second or third shots for others and adults.

Home visits have been made in the town, by the Nurse, on mothers, babies and preschool age children. Arrangements have been made for children to attend Cripple Children's Clinic and Cardiac Clinic at Hanover with follow-up on these cases. Other children have been referred to Sight Conservation and other services for corrections as necessary.

My sincere thanks to Dr. Dinerman and Mrs. Ruth Lester R. N. for their assistance at the clinic; also the School Nurse and School Officials, the Committee of Ladies who assisted and any others who assisted in any program for the betterment of the health of the children of Canaan. My thanks also to the press for the cooperation given throughout the year.

The work of the Tuberculosis program is now under the N. H. Dept. of Health Nurse. Several attended the Chest Clinic at Lebanon in November and reports have been send to local physicians and patients.

Respectfully submitted,

LOIS B. REED R. N.

Public Health Nurse,

N. H. Department of Health

REPORT OF PLANNING BOARD

Your Planning Board has been organized now for about a year and a half. We soon found that facts - reams of them - are necessary before any worth while plans can be made. Other people's plans affect us so we wrote or talked with: Telephone Company, Water Pollution Board, Fish & Game and Highway Departments, Planning and Development Commission, and other planning boards. The Selectmen have drawn up a preliminary list of items owned by the town and the School Board has been asked to do the same.

Since the goal of any planning is to speed the continuing improvement of our home town, we cast about for things to do while assembling the facts for major plans.. Some accomplishments:

Fire Insurance rates reduced.

State Industrial Agent visited town, was given a list of available buildings and manpower and kept aware of Canaan's needs.

Adopted slogan - "Canaan - Land of Milk and Honey" (and we have figures to prove it !)

Blinker light installed in Canaan Village.

"Canaan" accepted as the subject of the annual essay contest in our schools.

More state highway signs pointing to Canaan erected.

Improvement contest entered by over 90 people.

Secured donations of 92 contest prizes and awarded them before a capacity crowd in the Community Center.

Represented on Lebanon Regional Airport advisory board.

Investigated bathhouse and toilet facilities at Town Wharf and made recommendations to Selectmen for improvements.

Printed folder about Canaan to answer inquiries from out of town (at no cost to town.)

793 inches of publicity about Canaan printed in newspapers.

The board saw jobs that needed doing and was fortunate in securing the cooperation of others in carrying them out. Thanks are due: The Bicentennial Committee, The Hospitality Committee for welcoming newcomers to town, The Lions Club for agreeing to put up signs at town road junctions, The Fire Company for agreeing to locate pump sites on a town map.

We continue work on a number of projects. Among them: 1. A map showing the use to which each piece of land is put. This land use map will be the basis of carrying out a major responsibility with which you have entrusted us - the preparation of a plan for zoning to be presented to the town meeting in 1962. 2. More fire protection and lower insurance rates. 3. Resurvey of sewer needs. 4. Improvement of our greatest natural resource - the forest.

Your Planning Board urges that you share your ideas with us. As chairman I have been in a position to know the hours of volunteer work that the members have put in. I am frankly amazed at how hard people will work for their community.

Respectfully submitted,
ROLAND W. BURBANK
Chairman
